Our World Revolves Around You

Dr. Jeffrey Lowenkron
Chief Medical Officer

Welcome to The Villages Health (TVH). We are committed to helping you live in America's Healthiest Hometown®. We will do our part to help our patients stay as healthy as possible.

At The Villages Health, all of our care revolves around our patients. The close relationships with their primary care doctors, timely access to specialty care, and outstanding service, all contribute to better health outcomes. Our patients enjoy better health care and better health at a lower cost! TVH ranked in the top 1% of the nation's health systems for quality measurements and as the #1 physician group in North and Central Florida.* This commitment to quality and service help patients enjoy more time away from emergency departments and reduces their need to spend time in hospitals.

As a patient of TVH, your doctor coordinates a whole team of health professionals, so they're always on the same page and expertly managing your health care needs. This team includes hospitalists and nurse navigators who care for patients if admitted to The Villages® Regional Hospital.

We offer primary care and specialty care at eight convenient locations throughout The Villages®, Florida, and surrounding locations. We are expanding services with new specialty physicians and new clinical programs (e.g. Behavioral Health) to provide even better care for our patients.

To learn more about how TVH is driving the America's Healthiest Hometown initiative, please visit TheVillagesHealth.com

Sincerely,

Jeffrey Lowenkron, M.D., M.P.P.
