THE DIFFERENCE

Your guide to all of the physicians and
specialists at The Villages Health.

The Villages Health

2018 - 2019 PROVIDER DIRECTORY

welcome

TO THE VILLAGES HEALTH

We are committed to helping you live in America's Healthiest Hometown® and will do our part to help our patients stay as healthy as possible.

At The Villages Health, all of our care revolves around our patients. The close relationships with their primary care doctors, timely access to specialty care and outstanding service all contribute to better health outcomes. Our patients enjoy better health care and better health at a lower cost! The Villages Health ranked in the top 1% of the nation's health systems for quality measurements and as the #1 physician group in North and Central Florida.* This commitment to quality and service helps patients enjoy more time away from emergency departments and reduces their need to spend time in hospitals.

As a patient of The Villages Health, your doctor coordinates a whole team of health professionals, so they're always on the same page and expertly managing your healthcare needs. This team includes hospitalists and nurse navigators who care for patients if admitted to The Villages® Regional Hospital.

We offer primary and specialty care at eight convenient locations throughout The Villages community and surrounding locations. We are expanding services with new specialty physicians and new clinical programs (e.g. Behavioral Health) to provide even better care for our patients.

To learn more about how The Villages Health is driving the America's Healthiest Hometown initiative, please visit TheVillagesHealth.com.

Sincerely,

A handwritten signature in black ink that reads "Jeff Lowenkron M.D., M.P.P." The signature is written in a cursive, flowing style.

It's important to maintain my health so that I can play golf and do the things that I want to do for as long as I can. From the time you walk into the care center—the front desk people, the phlebotomist, the medical assistants, the doctors—everybody works together as a team and they truly are concerned about my health.

Hospitalists

Hospital care can be complicated and overwhelming when you're sick and trying to recover. As a patient of The Villages Health, if you're hospitalized at The Villages Regional Hospital, you'll be visited by one of our Hospitalists. The Hospitalist will oversee and coordinate your care during your stay, so that we can help heal you quickly.

I like the way that the doctors are set up here. I can go to two places, one place for my basic internist and one place for all of my specialists. In the past, I was traveling all over three different cities to go to all of my doctors. Having all of the disciplines in one place is just a real, real good thing.
