I like the way that the doctors are set up here. I can go to two places, one place for my basic internist and one place for all of my specialists. In the past, I was traveling all over three different cities to go to all of my doctors. Having all of the disciplines in one place is just a real, real good thing.

Hospitalists

Hospital care can be complicated and overwhelming when you're sick and trying to recover. As a patient of The Villages Health, if you're hospitalized at UF Health The Villages® Hospital, you'll be visited by one of our Hospitalists. The Hospitalist will oversee and coordinate your care during your stay, so that we can help heal you quickly.

My experience was very good when I went to see the specialist. It was coordinated through The Villages Health. The specialist had my medical history, my medication history and we could focus on my current issue.

I like the way that the doctors are set up here. I can go to two places, one place for my basic internist and one place for all of my specialists. In the past, I was traveling all over three different cities to go to all of my doctors. Having all of the disciplines in one place is just a real, real good thing.

I was able to see my doctor right away! I didn't have to wait 3 months or 6 months. It makes me feel good to get my issues taken care of quickly and move on so I can enjoy my life.

– Diane Bourn, Patient at Santa Barbara Care Center
