A VIEW FROM THE VILLAGES HEALTH

Finding good health care is always an important part of life. If you've turned 65, however, you are entitled to receive Medicare and all the benefits and coverage.

COMMENTARY

This rite of passage is also a time where you need to make important decisions about your Medicare eligibility and coverage.

Now through Dec. 7, seniors 65+ and others who may be Medicare eligible need to give some thought to their 2023 Medicare plans during the annual enrollment period and the impact those decisions will have on their healthcare. Thankfully, a first-class healthcare experience is just around the corner at any one of seven primary and two specialty care centers operated by The Villages Health.

The Villages Health has made it easy for you to find a plan that meets your specific needs.

Conveniently adjacent to each of The Villages Health primary care centers, and at its specialty care center at The Center for Advanced Healthcare at Brownwood, is a Health Insurance Resource Center (HIRC). Here, friendly, knowledgeable, licensed insurance agents can answer your Medicare questions. They can assess your healthcare needs and review various plan options and benefits to help you select a plan that best meets your needs.

The HIRCs are open Monday through Friday 8:30 a.m. to 5 p.m. Walk-ins are welcome, but appointments are encouraged, especially during the busy annual enrollment period, as demand is high. The Villages Health accepts select Medicare Advantage plans through UnitedHealthcare, Florida Blue, and Humana.

The Villages Health welcomes all Medicare-eligible patients at any of their seven primary care centers once they select one of their participating Medicare Advantage plans. If you have traditional Medicare with a supplement plan, you can also opt to select a Medicare Advantage Plan offered by any of The Villages Health's participating insurance plans.

Why?

It's simple: because we care about the needs of our patients. Medicare Advantage enables The Villages Health primary care to offer more programs and services than that of traditional Medicare with supplement plans. This is how we keep our patients healthy and heal them quickly. Our specialty care division does accept traditional Medicare and select other plans, however.

Additionally, several of the Medicare Advantage health plans that The Villages Health accepts are \$0 premium plans — creating great affordability.

Our patients often say selecting an accepted Medicare Advantage plan was an easy choice when they saw firsthand all the high-quality services that await them as a patient. The Villages Health delivers patient-centered healthcare services that rank in the top for both quality of care and patient experience. The Villages Health touts an impressive Net Promoter Score consistently in the 90s, giving it a world-class ranking in patient satisfaction.

One of our many happy patients at The Villages Health is quoted as saying: "Every facility is close at hand. It's so easy and

convenient and when you get to the age where you're going to need healthcare, that's the kind of thing that is most important to you."

What sets The Villages Health apart from other health care organizations? Extraordinary services, including:

- » 30-60 minute new patient appointments
- » Team-based healthcare
- » Little to no wait times
- » Saturday EZ-Care Clinic
- » 13 in-house specialties

- » Same day sick appointments
- » Hospitalist program
- » On-site labs and X-rays
- » 70+ board certified physicians
- » Free, convenient wellness classes
- » Call A Nurse helpline
- » Coordinated primary and specialty care services
