A VIEW FROM THE VILLAGES HEALTH

At The Villages Health, our unwavering commitment to providing exceptional health care has cultivated a community of loyal patients who appreciate our valued staff, state-of-the-art facilities and unique care model.

Anna Jimenez

COMMENTARY

Over the years, we have consistently received recognition in the “World-Class” category based on real patient feedback data, a testament to the quality of care and patient satisfaction we consistently deliver.

Our health care approach surpasses the conventional, emphasizing the establishment of strong patient-doctor relationships. Our clinicians take the time to understand each patient’s individual needs, ensuring a personalized and comprehensive care experience.

The collaboration between our primary care and specialty care divisions further enhances our ability to provide top-notch

health care services. This commitment extends not only to maintaining your overall health but also to facilitating a speedy recovery if the need arises.

For those who are already part of The Villages Health community, we invite you to share your positive experiences with your friends and family. Your recommendations can play a crucial role in helping others make informed decisions about their health care. With the Open Enrollment Period concluding in March, now is a pivotal time to consider your health care choices for the current year.

At The Villages Health, continuity of care is a top concern, and we want to ensure every patient’s ability to access the exceptional health care they deserve.

Whether you are a new patient seeking a compassionate physician you can trust or an established patient managing insurance changes, our dedicated support team is here to assist you. We believe finding a doctor who sees you as a whole person is fundamental to building a satisfying doctor-patient relationship. Your health journey should begin with a partner you can rely on, and The Villages Health is committed to

being your advocate for wellness from day one.

Our personalized approach, coordinated care teams and new patient specialists provide comprehensive support — from navigating complex insurance choices to building lasting patient-doctor relationships. Your health and well-being are our top priority.

We understand that navigating insurance options can be complex, and our goal is to make this process as seamless as possible for our patients. If you are considering changing plans or have recently done so, our new patient specialists can provide valuable insights and assistance. They are well-versed in the intricacies of insurance plans and can help you make informed decisions that align with your health care needs.

For new patients, the process of selecting health care providers and insurance can feel overwhelming. But at The Villages Health, we make this process as seamless and stress-free as possible.

Our new patient specialists are experts in the field, equipped to guide you step-by-step so you can make the health care and insurance decisions

For those who are already part of The Villages Health community, we invite you to share your positive experiences with your friends and family.”

that fit your needs perfectly. We encourage you to meet with our specialists, who will listen carefully to understand your unique situation, explain all your options in simple terms and provide recommendations tailored specifically for you.

With their assistance, you can look forward to finding health care solutions that not only check all the boxes but give you the confidence that comes with choosing providers who see you as a valued partner in your health journey.

For existing patients who have recently adjusted their insurance plans, we recommend checking with our new

patient specialist team to confirm continued eligibility for care at The Villages Health. Changes in insurance plans can sometimes result in unforeseen limitations, such as no longer being able to see your current doctor under the new plan. To avoid any disruptions in your health care, call us or visit our care centers. We are ready to guide you through the decision-making process.

At The Villages Health, we prioritize continuity of care and want to ensure that every patient can access the health care they need and deserve. Whether you are a new patient looking for a doctor you can trust or an existing patient navigating insurance changes, our dedicated team is here to support you.

Your journey to excellent health care begins with finding a doctor you love, and at The Villages Health, we are committed to being your partner in health every step of the way. To speak with a new patient specialist, call us at 352-604-5868 or visit thevillageshealth.com/NPS-help.

“A brain tumor almost took this away from me.”

Taylor Green, Brain tumor survivor

A designation from the National Cancer Institute places the UF Health Cancer Center among the nation’s top cancer programs. This distinction means patients like Taylor have access to breakthrough research and leading-edge treatments.

“I love fishing and being on the water. When I was diagnosed with a brain tumor, the experts at UF Health knew exactly how to treat me. They explained it in a way I could understand and worked as a team to save my life. Now, I’m back on the water doing what I love most.”

Visit UFHealth.org/Cancer to learn more about our NCI designation.
